

## Hunters Land Management LLC.

### Consultation Form

**Description.** Fill out this form to the best of your ability to help us understand what service and specific needs you require. **Feel free to call without having filled out the form.** If you do submit the form, we will give you a call or e-mail and be able to better understand your situation after we have received and reviewed it.

**This form is inclusive of all HLM Consultation services. While these forms might not completely cover the areas we intend to review, it will help us begin to have an understanding of the property and what your desires are. Please complete the form to the best of your knowledge and fill in any additional information you would like us to know.**

Instructions:

1. If you wish to fill this form out by hand, please print it off and mail it to our specified business address.
2. If you wish to submit it through e-mail, please fill out the information online, **save the file to your computer** and e-mail it to us. This is so we both will have a copy.

Would you like an on-site evaluation (more specific) or an aerial imagery and personal description consultation?    On-Site    Off-Site

Would you like a comprehensive report and plan for your property?    Yes    No

Would you like any drone surveying of your property done?    Yes    No

What other areas of consultation regarding your property could we help you with?:

**This section of the form is only for [Wildlife Consultation](#). If you do not wish to have this done, please skip to the next section.**

I am specifically interested on being consulted on the following types of wildlife:

Whitetail Deer

Turkey

Dove

Quail

Waterfowl

Other:

The below options are suggested improvements that can be done for various wildlife. Please check all that you **might** be interested in improving on your property:

Improved fawn and poult recruitment through habitat alterations

Improved shelter for better protection against predators

Enhancing herd health

Managing Whitetail Deer for a better class of mature bucks

Food Plot improvements

Other browse to improve all wildlife health (not food plot related)

Addition of minerals to various organisms' diets

Increased Whitetail body and antler size

Increased Wild Turkey weight

Population increase of game animals on your property

Better protein levels

Improving water sources

Would you like an on-site evaluation (more specific) or an aerial imagery and personal description consultation?    On-Site    Off-Site

Would you like a comprehensive report and plan for your property?    Yes    No

Would you like any drone surveying of your property done?    Yes    No

What other areas of consultation regarding your property could we help you with?:

**After this form has been submitted, expert personnel will review it and contact you as soon as possible. We will be flexible with your needs and understand that cost is a major issue. We will offer a free initial consultation to help develop the plan. After, a report will be contracted and given to you to help benefit your land for years to come.**
